

LOT Winter School 2019 University of Amsterdam

Week 1: 7-11 January		
<p>Scripting for PRAAT</p> <p>David Weenink</p>	<p>Discourse-Oriented Corpus Studies</p> <p>Costas Gabrieleτος</p>	<p>The Neurolinguistics of Syntax: Investigations of sentence processing in healthy and aphasic speakers</p> <p>Dirk-Bart den Ouden</p>
<p>Speech Perception in First and Second Language Acquisition</p> <p>Sharon Peperkamp</p>	<p>Working with Production Data: Comprehension-production (a)symmetries in language acquisition</p> <p>Elena Tribushinina</p>	<p>Reproducibility in Bilingualism and SLA</p> <p>Sible Andringa</p>
<p>Effect Sizes and Meta-Analyses: Tools for cumulative, robust experimental science</p> <p>Christina Bergmann</p>	<p>Statistics for Linguistics in R</p> <p>Susanne Brouwer</p>	<p>Multimodal Language Learning and Social Robots</p> <p>Paul Vogt</p>

Week 2: 14-18 January		
<p>Methods in Historical Linguistics (quantitative historical linguistics and mapping techniques)</p> <p>Arjen Versloot</p>	<p>Cognitive Linguistics Beyond the Individual: The shared workspace framework</p> <p>Simon Garrod</p>	<p>Negative Coordination</p> <p>Hamida Demirdache</p>
<p>Competing Motivations and Explanations in the Typology of Constituent Order and Grammatical Relations</p> <p>Eva Schultze-Berndt</p>	<p>Methods in Data Collection for Sociolinguistics: Focus on elicitation</p> <p>Marina Terkourafi</p>	<p>The Grammar of Measurement and Comparison</p> <p>Roumyana Pancheva</p>
<p>Methods in Multimodal Language</p> <p>Asli Özyürek</p>	<p>LaTeX for Linguists</p> <p>Sebastian Nordhoff & Antonio Priemer</p>	<p>A Deeper Understanding of Distributional Semantics</p> <p>Antske Fokkens</p>

LOT Summer School 2018 University of Groningen

Week 1 (18-22 June)		
Typology / Dialectology Frantisek Kratochvil, Olomouc	Language and Thought: How are they related? Gary Lupyan, Wisconsin	Methodology Jacolien van Rij, Groningen
Mechanisms and Methods in Historical Linguistics Freek van de Velde, Leuven	Sociolinguistics: Language & Identity Janet Fuller, Groningen	When SLA goes 'Neuro': The cognition and electrophysiology of multilingual learning and processing Kristin Lemhöfer
Language, Computation & Technology Yves Scherrer, Helsinki	Person, Number and the Architecture of Grammar Omer Preminger, Maryland	Language and Cognition in Bilingualism: A neuroscientific perspective Thomas Bak, Edinburg

Week 2 (25-29 June)		
State of the Art: Language Attrition Merel Keijzer, Groningen	Language & Event Representation Anna Papafragou, Delaware	Linguistic stylistics Ninke Stukker, Groningen
Multilingualism at Home and in School. Heritage language speakers and minority family language transmission Eva Juaros Daussa, Groningen	Language & Aging Michael Ramscar	Formal Semantics and the Cognitive Modeling of Interpretation Jakub Dotlacil, ILLC UvA
Perspectives on Modern Acquisition theory Tom Roeper, Amherst	Literacy: Grammars for Writing Debra Myhill, Exeter	Phonetic Correlates of Word and Sentence Vincent van Heuven, Leiden

LOT Winter School 2018 Free University Amsterdam

Week 1 (8-12 January)		
Eye-Tracking in Psycholinguistic Research: Why, how, and what for Monique Lamers, Amsterdam	Neurobiology of Languages Giosuè Baggio, Trondheim	Corpus Analysis: Comparing word sequences across languages Signe Ebeling, Oslo
Applying Mixed Methods in Second Language Acquisition (on fluency) Nivja de Jong, Leiden	Statistical Models of Language Variation with R Natalia Levshina, Leipzig	Historical Syntax Marion Elenbaas, Leiden
Statistics for Linguists Martijn Wieling, Groningen	From Lab to the World: Linking empirical typology to language evolution Michael Dunn, Uppsala	Nominal Semantics and Grammatical Number Scott Grimm, Rochester NY

Week 2 (15-19 January)		
Language Impairments along the life span: Linguistics framed in evidence based practice Antje Orgassa, Nijmegen	Phonetics in Phonology, Phonology in Phonetics Ruben van de Vijver, Dusseldorf	Discourse Analysis Veronika Koller, Lancaster
Robot Writers: Computational models of text generation Emiel Krahmer, Malta	Cartography and Explanation Luigi Rizzi, Geneva	The Role of Input and Interaction in Language Development Across the Lifespan Heike Behrens, Freiburg
Visible Variation: Sign languages in typological perspective Roland Pfau, Amsterdam	Spoken Language and Gesture Alan Cienki, Amsterdam	Aspects of Multilingualism Jacomine Nortier, Utrecht

LOT Summer School 2017 Leiden University

Week 1 (26-30 June)		
Language Contact in th Speech Community: A variationist perspective on borrowing, code-switching and convergence Shana Poplack, Ottawa	Language, Music and Cognition Paula Roncaglia-Denissen, Amsterdam	Topics in Minimalist Syntax and the Interfaces Jason Merchant, Chicago
Parsing Incremental Linguistic Input Nina Kazanina, Bristol	Conversational Structure nad Typology Mark Dingemanse, MPI	Truth and Veridicality in Grammar: Modal expressions and propositional attitudes Anastasia Giannakidou, Chicago
Revisiting the Gricean Turn Mira Ariel, Tel Aviv	The Typology of Language Contact and Bilingualism Jeanette Sakel, Bristol	Typology of Intonation Caroline Féry, Frankfurt am Main

Week 2 (3-7 July)		
Construction Grammar Miriam Fried, Prague	Introduction to Natural Language Processing and Text Mining with Python Paul Vierthaler, Leiden	Language Acquisition Claartje Levelt, Leiden
Anthropological Linguistics: From relativism to universalism and back Lourens de Vries, Amsterdam	The New Statistics Gerben Mulder, Amsterdam	Root-Based Word Building at the Morphology-Syntax- Lexicon Interface Isabel Oltra-Massuet, Tarragona
Embodied Interaction and Intersubjectivity Mike Huiskes, Groningen	Neurolinguistics - from Basics to Applied Research Christian Dobel, Jena	Historical Sociolinguistics: Theory and Practice Gijsbert Rutten, Leiden

LOT Winter School 2017 Radboud University

Week 1 (9-13 January)		
Text mining Iris Hendrickx & Suzan Verberne, Nijmegen	A Fresh Look at Categories and Extended Projections Peter Svenonius, Tromsø	Dialogic Syntax: The structure of engagement in language, cognition and interaction John Dubois, Santa Barbara
Psycholinguistic Approachers to Linguistic Relativity Geertje van Bergen, Nijmegen & Monique Flecken, MPI	Cross-Linguistic Influences in Second Language Acquisition Leah Roberts, York	On some Challenges in Creole Studies - In theory, history, typology, computation, education... Michel DeGraff, MIT
Typology & Dialectology: Field Methods Marian Klamer, Leiden	Topics in Diachronic Syntax Bettelou Los, Edinburgh	How Usage Shapes Grammar: Entrenchment and conventionalization Hans-Jörg Schmid, München

Week 2 (16-20 January)		
Methods of Discourse Analysis: The case of narratives José Sanders, Nijmegen	Language and Procedural Memory Frank Wijnen, Utrecht	Language and Multimodality Leelo Keevallik, Linköping
Speech Perception in Adverse Listening Conditions Odette Scharenborg, Nijmegen	Language Across Borders: Perception and production Charlotte Gooskens & Nanna Hilton, Groningen	Situations and Events and the English Auxiliary System Gillian Ramchand, Tromsø
How to Analyse 0/1 Outcomes? An exploratory passage across relevant statistical options and techniques Roeland van Hout, Nijmegen	Neurobiology of Language Jubin Abutalebi, Milan	Writing Huub van Bergh, Utrecht

LOT Summer School 2016 Utrecht University

Week 1 (4-8 July)		
Language Acquisition Tania Ionin, Urbana	Focus Semantics: Alternatives and Unalternatives Daniel Büring, Vienna	Prosody in Discourse Aoju Chen, Utrecht
Child Bilingualism Sharon Unsworth, Nijmegen	Cognitive Neuroscience of Language Roel Willems, Nijmegen	Language and the Law Tina Cambier, Rijswijk
Statistical Learning in Language and Beyond Alex Cristia, Paris	Syntax: The ups-and-downs of Agree Susi Wurmbrand, Connecticut	Power, Language Variation and Change Margot van den Berg, Utrecht

Week 2 (11-15 July)		
Information Structure and Reference Resolution: Experimental and corpus-based approach Elsi Kaiser, Los Angeles	Three Factors and Modern Generative Diachronic Syntax Therese Biberauer, Cambridge	Clinical Linguistics Djaina Satoer, Rotterdam
Methodology and Statistics for Experimental Linguistics Kirsten Schutter, Utrecht	Argument Structure: Typology and Syntactic Theory Anna Kibort, Oxford	Biolinguistics Cedric Boecks, Barcelona
Narrative Persuasion Hans Hoeken, Utrecht	Eye-Tracking Pim Mak, Utrecht	Morphology Ad Neelemen, London & Ackema, Edinburgh

LOT Winter School 2016 Tilburg University

Week 1 (11-15 January)		
Intro/State of the Art in Computational Modelling Afra Alishashi	Semantics Valentine Hacquard	Language and Emotion Jean-Marc Dewaele
Eye-Tracking and Language Processing Rein Cozijn	Language Acquisition Ianthi Tsimpli	A Combinatory Categorical Grammar for Linguists Mark Steedman
Sociolinguistics Sjaak Kroon	Cognitive Linguistics Ewa Dabrowska	Bilingualism Suzanne Aslberse

Week 2 (18-22 January)		
The Replication Crisis in Social Science and the Humanities Martijn Goudbeek	Structure Building and the Syntax of Filler-Gap Dependencies Marcel van Dikken	Social Signal Processing Marie Postma & Eric Postma
From Text to Matrix (and Back Again). Fundamentals of computational Text Analysis in Python Mike Kestemont	Mismatches between 'Phonetic' and 'Phonological' Syllables Ben Hermans	Psycholinguistics Christina Gagne
Typology/Dialectology: Field Methods Marian Klamer	Speech Recognition James McQueen	Language and Anthropology Jack Sidnell

LOT Summer School 2015 KU Leuven

Week 1 (15-19 June)		
Current Topics in Bilingualism Jeanine Treffers-Daller	Head Movement and Clause-Building: The view from a verb-initial language Jim McCloskey	Language Documentation and Description with Limited Resources: Focus on endangered and extinct languages of South America Swintha Danielsen
New Directions in Usage-Based Linguistics: Language as behavior, culture as nature Arie Verhagen	Sign-Based Construction Grammar Frank van Eynde	A Cognitive Perspective on Question Answering and Questionnaire Design Naomi Kamoen
Sampling and Diachronic Typology Spike Gildea & Dik Bakker	From Language Acquisition to Language Education Koen Jaspaert & Kris van de Brande	How to Improve your Statistics Paul Boersma

Week 2 (22-26 June)		
Semantics and Pragmatics of Assertions and Questions Donka Farkas	Constructional Approaches to Historical Linguistics Martin Hilpert	Acquisition of Phonology: Evidence from perception and production Paula Fikkert
Word Recognition Marc Brysbaert	Quantative Methods in Linguistics Benedikt Szmrecsanyi & Freek van de Velde	Long-Distance Interactions in Phonology Peter Jurgec
Language Variation and Quantative Analysis Daniel Ezra Johnson	Language, Gesture & Sign Myriam Vermeerbergen & Gerard Brône	Language and the Brain Suzanne Dikker

LOT Winter School 2015 University of Amsterdam

Week 1 (12-16 January)		
Mechanisms of Language Change Hendrik de Smet	Course about CLARIN Jan Odijk and others	Interaction and Cognition Tom Koole
Psycholinguistics: Speech Errors and Monitoring of Speech Robert Hartsuiker	Language and Music Evelina Fedorenko	Usage-Based Grammar Timothy Colleman
Neurobiology of Language Peter Hagoort	Macroscale Microsyntactic Variation Sjef Barbiers	Evolution of Speech Bart de Boer

Week 2 (19-23 January)		
First Language Attrition Monika Schmid	Phrase Structure and Functional Categories David Adger	Language Acquisition: Learning Grammatical Constructions Anna Theakston
Critical Sociolinguistics Leonie Cornips & Vincent de Rooij	An Integrative Approach to Language Acquisition Charles Yang	Experimental Semantics and Pragmatics Rick Nouwen & Yaron McNabb
Language Acquisition: Sociocognitive Development and Input Aylin Küntay	Using Dutch Treebanks in Linguistics Gertjan van Noord	Sociohistorical Linguistics Salikoko Mufwene

LOT Summer School 2014 Radboud University

Week 1 (16-20 June)		
Language Comparison in the Big Data Era Michael Cysouw	The Interplay of Syntax and Semantics in Control Idan Landau	Brain and Language Roel Willems
Imitation in Interaction: How on earth and why on earth? Lisette Mol	Language Impairment Elma Blom & Judith Rispens	Historical Linguistics Ans van Kemenade
Word and Sentence Prosody Carlos Gussenhoven	The Sociolinguistics of Standardization in the Low Countries: Production, perception and ideology Stef Grondelaers	Input and Intake in Language Inquisition Jeff Lidz

Week 2 (23-27 June)		
Bimodal Bilingual Language Development Diane Lillo-Martin	Empirical Research on Persuasive Argumentation Jos Hornikx	CLARIN for Linguists Jan Odijk
Bilingualism Janet van Hell	Eye Tracking in Adults and Infants: An introduction Susanne Brouwer & Caroline Junge	The Genetic Foundations of Language and Speech, from Molecules to Linguistic Diversity Dan Dediu & Sonja Vernes
Multilevel Analysis in SPSS Huub van den Bergh & Mattis van den Bergh	Child Language Acquisition Ben Ambridge	Syntax Olaf Koenenman

LOT Winter School 2014 Free University Amsterdam

Week 1 (6-10 January)		
Synchronic and Diachronic Typology of Prosodic Systems Björn Köhlein	Pronunciation Variaton in Connected Speech: Linguistic and psycholinguistic aspects Mirjam Ernestus	Current Developments in Quantative Research Methos Luke Plonsky
Acquisition of Pragmatics Napoleon Katsos	Metaphor in Language Use Gerard Steen	Historical Development of Dutch: Phonology & morphology, dialects & stages Michiel de Vaan
Language Use/Discourse Luuk Lagerwerf and others	New Urban Dialects in Europe Heike Wiese	The Architecture of Variation Marjo van Koppen

Week 2 (13-17 January)		
Quantative Corpus Liguistics Stefan Gries	The Emergence of Hybrid Grammars: Contact, change and creation Enoch Aboh	Language and Gesture Alan Cienki
Experimental Semiotics and Quantative Methods in Interaction Researchs Riccardo Fusarolli	Cross-Linguistic Semantics Henriëtte de Swart & Ben de Bruyn	Language in Communities Anna Strycharz-Banas & Agata Daleszyńska
Multilingualism Jan Ten Thije	Language Acquisition Aoju Chen	Electrophysiology of Meaning Construction Seana Coulson

LOT Summer School 2013 Groningen University

Week 1 (17-21 June)		
Quantity Implicatures Bart Geurts	Language and Inference Johan Bos	Language, Communication, and Emotion Jos van Berkum & others
Message Variations and Persuasive Effects Daniel O'Keefe	Understanding Sentences in Two Languages Paula Dussias	The Structure of Iraqw, in a Cushitic and a Typological Perspective Maarten Mous
Using Dutch Treebanks in Linguistics Gertjan Van Noord & Daniël Kok	Psycholinguistics Susanne Brouwer & Simone Sprenger	Phonology and Phonetics: Articulation for Beginners James Scobbie

Week 2 (24-28 June)		
Prosodic Typology Sun-Ah Jun	Neurolinguistics and Language Disorders Roelien Bastiaanse	Neurobiology of Language John Hoeks
Contemporary Topics in Language Acquisition Nan Bernstein Ratner	Morphosemantics and Morphosyntax of Phi Features Daniel Harbour	Morphotactic Departures from Syntactic Content Andrew Nevins
Mixed-Effects Regression and Generalized Additive Modeling in Linguistics Martijn Wieling	Social Variation in Language Gergory Guy	Evidentiality: Typological challenges Lila San Roque & Simeon Floyd

LOT Winter School 2013 Leiden University

Week 1 (7-11 January)		
Information Structure and Linking Syntax and Semantics Robert van Valin	Semantics Rick Nouwen	Bilingualism across the Lifespan: Language, cognition, and environment Antonella Sorace
Computational Analysis of Discourse Maite Taboada	Morphology and Construction Grammar Geert Booij	Research Methods in Comparative Linguistics Willem Adelaar
Inferences and Tekst Comprehension David Rapp	Vocal Communication and the Linguistic Abilities of Animals Carel ten Cate	Phonetics/Phonology: Variations on the Invariance Problem Holger Mitterer

Week 2 (14-18 January)		
Language Acquisition Nivedita Mani	The Nature of Morphosyntactic Universals Martin Haspelmath	Neurolinguistics Niels Schiller
Child Sentence Processing: Implications for theories of sentence processing and language acquisition Akira Omaki	Iconicity in Sign Languages Victoria Nyst	Some Recent Trends in the Sociolinguistic Study of Language Variation and Change Frans Hinskens
Constructional and Usage-Based Approaches to Historical Linguistics Jóhanna Barðdal	Language Documentation, Linguistic Annotation and Archive Building Sebastian Drude	Language & the Law Fleur van de Houwen

LOT Summer School 2012 Utrecht University

Week 1 (2-6 June)			
Reference and Coherence in Discourse Andrew Kehler	Multilingual Reflections Laurence Mettwie	Semantics and Pragmatics: Issues as the interface Laurence Horn	Spatiotemporal Imaging of Normal and Abnormal Language Processing Gina Kuperberg
Distributed Morphology Rolf Noyer	Principles of Linguistic Variation Hans van de Velde	How Different Ain't Phonology? Andrew Nevins	Cognitive Neuroscience of Reading and Speech Development Bruce McCandliss
Discourse and Cognition Ted Sanders	Natural Language Processing for Interaction with Information Franciska de Jong	Populair-Wetenschappelijk Schrijven Mathilde Jansen	Using Bayesian Methods to Model Cognition Naomi Feldman

Week 2 (9-13 June)			
Methodology Hugo Quené	Rethinking Parametric Variation Ian Roberts	Cognitive Processes in Bilinguals Zofia Wodniecka	Using Eye Movements to Study Language Processing in Children and Adults John Trueswell
The Syntax of Argument Alternations Artemis Alexiadou	The Evolution of Language: A multidisciplinary approach Paul Vogt	Challenges to Language Acquisition: Bilingual specific language impairment Sharon Armon Lotem	Mechanisms of Early Language Acquisition Luca Bonatti
Complexity and the Typology of East and Mainland Southeast Asian Languages Walter Bisang	Implicit Learning and Second Language Acquisition Patrick Rebuschat	The Neurobiology of Language Ina Bornkessel-Schlesewsky & Matthias Schlewsky	

LOT Winter School 2012 Tilburg University

Week 1 (9-13 January)		
Topics in Diachronic Syntax Bettelou Los	Language Acquisition and Cognitive Development Silke Brandt	The Sociolinguistics of Globalization Jan Blommaert
Presupposition and Implicature Introduction to Formal Pragmatics Emar Maier	Scenarios in Language Contact Pieter Muysken	Field Research on Language and Culture Daniel Everett
Partner-Specific Adaptation in Spoken Dialogue Susan Brennan	The Cartographic Approach: Pros and cons Cecilia Poletto	Pronunciation Differences in Dialectology and Elsewhere Charlotte Gooskens & others

Week 2 (16-20 January)		
What's New in the Semantics of Modals and Conditionals? Angelika Kratzer	Wordnets: Semantic Networks of Words and Concepts and their Application in Natural Language Processing Piek Vossen	Endangered Languages: Language death, documentation and revitalization Leanne Hinton
Semantics Hana Filip	Atypical First Language Acquisition: The effect of degraded speech input Martine Coene	Eye-Tracking and Language Processing Rein Cozijn
Learnability and Language Acquisition Aelxander Clark	Child L2 Acquisition of Morphosyntax Bonnie Schwartz	Stress Systems: Formal symmetry vs. topological asymmetry René Kager

LOT Summer School 2011 KU Leuven

Week 1 (13-17 June)		
Aspects of the Processing of Agreement and a few Architectural Repercussions Carlos Acuña Fariña	Statistics for (Corpus) Linguistics Dirk Speelman	Evolution of Language Bart de Boer
Comprehending Words in Context Laurie Stowe	Phonology: The Key Ideas Marc van Oostendorp	Introduction to Phylogenetics for Linguists Loretta O'Connor
Typological Variation in Grammatical Relations Alena Witzlack-Makarevich	Meaning in Interaction Kurt Feyaerts	Main Clause Phenomena, the Double Asymmetry and Locality Liliane Haegeman

Week 2 (20-24 June)		
Usage-Based Approach to Contact Linguistics Ad Backus	Inducing Linguistic Knowledge from Statistical Machine Translation Systems Antal van den Bosch	Contrastive Linguistics Volker Gast
Analysing Linguistic Variation James Walker	The Syntax-Semantics Interface Eric Reuland & Denis Delfitto	Language and Music Glenn Schellenberg
Bilingual First Language Acquisition Annick de Houwer	Morphology and its Interfaces Paul Kiparsky	Semantics Cleo Condoravdi

LOT Winter School 2011 University of Amsterdam

Week 1 (10-14 January)

LOT Summer School 2010 Radboud University

Week 1 (14-18 June)		
Information Structure at the Edges Enoch Aboh	Statistics for (psycho)linguistics Mirjam Ernestus	Child Language Disorders Richard Schwartz
Meaning from Micro to Macro Nick Enfield	Language Acquisition Bart Hollebrandse	Multimodal Multilingualism: Gestures, second language acquisition and bilingualism Marianne Gullberg
Spoken Language as Multimodal Interaction Alan Cienki	Computational Models of Discourse Caroline Sporleder	Applied Electrophysiology: An introduction to recording and analyzing EEG Doug Davidson
Managing the Epistemic Order: Rights to knowledge in sequence organization and action formation Geoffrey Raymond	Lexicology and Lexicography Vivien Wazink, Anna Aalstein & Carole Tiberius	Language Processing Martin Pickering

Week 2 (21-25 June)		
Acoustic Phonetics Lou Boves	Language Contact Brigitte Pakendorf	Neuroinvestigating Language Guillaume Thierry
The Phonological Cycle Ricardo Bermúdez-Otero	Topics in Extended Case Theory: Islands, inflection and anaphora David Pesetsky	Early First Language Acquisition Barbara Höhle
Acquisition of Phonology Paula Fikkert	Aspects of the Semantics of Comparatives Fred Landman	The Bilingual Brain Peter Indefrey
Forensic Linguistics Fleur van der Houwen	Typological Issues in Austronesian and Papuan Languages Ger Reesink	Perspectives on Sign Language Bencie Woll

LOT Winter School 2010 Free University Amsterdam

Week 1 (11-15 January)		
Issues in the Semantics of Modification Louise McNally	Constructions: An Integrated Approach Arie Verhaegen	Morphology Jan Don
PRAAT Paul Boersma	Evaluating Theories of Second Language Acquisition Jan Hulstijn	Language Acquisition and Grammatical Variation William Snyder
Usage Events Gerard Steen	The Typology of Inflectional Paradigms Matthew Baerman	

Week 2 (18-22 January)		
How the Native Language Shapes Listening to Speech Location Anne Cutler	Using Language Herbert Clark	Phonetics and Phonology of Intonation Carlos Gussenhoven
Brain and Language Stella de Bode	The Pidgin - Creole Life Cycle Margot van den Berg & Rachel Selbach	Topics in Historical Morphology and Syntax Alice Harris
Syntax and Variation from a Multidisciplinary Perspective Leonie Cornips	Interpreted Languages and Compositionality Marcus Kracht	Linguistics Infrastructure and Microvariation Hans Bennis

LOT Summer School 2009 Leiden University

Week 1 (8-12 June)		
Phonological Features: Their function and their possible emergence Silke Hamann	The Linguistic Representation of Gradability Jenny Doetjes	Reliability in Emperical Linguistics Gerben Mulder & Huub van den Bergh
Second Language Acquisition and Bilingualism: A psycholinguistic approach Judith Kroll	Rhetorical Analysis: The speeches of presidents, ministers, engineers and PhD-students Jaap de Jong	Neurological and Psychological Evidence for Phonology Sharon Peperkamp
L1 Acquisition Nada Vasic	Methodology of Historical Linguistics Tijmen Pronk & Alwin Kloekhorst	Dealing with Increasing Linguistic Diversity in Europe Guus Extra

Week 2 (15-19 June)		
Abstractness in Syntax (with special reference to ellipsis) Jason Merchant	Quantative Typology Micheal Cysouw	The Language Basis of Literacy and its Disorders Judith Rispens
Polarity Indefinites: Licensing, sensitivity, and variation Anastasia Giannakidou	Contact-Induced Linguistic Change Maarten Kossmann	Computational Semantics Christina Unger & Jan van Eijk
Parameters of Linguistic Variation Roberta d'Alessandro	Elements of Formal Semantics Yoad Winter	Developmental Psycholinguistics: Topics in acquisition and processing Leah Roberts

LOT Winter School 2009 Groningen University

Week 1 (19-23 January)		
Production, Comprehension and the Grammar Petra Hendriks	Educational Linguistics Kees de Glopper	Mutual Intelligibility between Closely Related Languages Charlotte Gooskens
The Linguistics of Text Quality: Language, genre and text structure Wilbert Spooren	Mechanisms of Language Acquisition Charles Yang	Phonology Haike Jacobs
Aphasiology Roelien Bastiaanse	Syntactic Variatin and Change: Issues and approaches Ann Taylor	Looking at the Syntax of a Language from its Interfaces Jean-Christophe Verstraete

Week 2 (26-30 January)		
Towards a Nuified Theory of Phrase Structure and Grammatical Dependencies Ad Neeleman	Computational Linguistics Gosse Bouma et al.	Neurolinguistics meet Information Structure Petra Burkhardt
The Phonology of Sonorants Bert Botma	Information Packaging, Dialog Structure and Linguistic Form Enric Vallduví	L2 Acquisition Holger Hopp
Statistics John Nerbonne	Morphology Geert Booij	Implicatures Bart Geurts

LOT Summer School 2008 Utrecht University

Week 1 (30 June - 4 July)		
Mechanisms of Language Acquisition Jacques Mehler	Microvariation in Agreement Marjo van Koppen	The Syntax-Semantics Interface in Categorical Grammar Michael Moortgat
Eye-Tracking in Linguistic Research Luisa Meroni, Iris Smulders & Pim Mak	Lexical Integrity Peter Ackema	Introduction to the Sounds of the World's Languages Jo Verhoeven
The Psycholinguistics of Grammar Colin Phillips	Logic in Child Language Stephen Crain	Vagueness and Comparatives Robert van Rooij
Brain Maps for Syntax and Semantics Yosef Grodzinsky	Introduction to Syntax Jan-Wouter Zwart	Corpus-Based Sociolinguistics. The problem of syntactic variation Stefan Grondelaers

Week 2 (7-11 July)		
Stance in Discourse, Grammar and Interaction John du Bois	Generative Perspectives on Language Acquisition Peter Coopmans	Computing Communicative Intentions Matthew Stone
Measures and Statistics of Texts and Corpora Roeland van Hout	Clitics and Incorporation Ian Roberts	Answering Survey Questions Bregje Holleman
Theoretical and Experimental Syntax Maria Polinsky	Language Contact Phonology Ellen Broselow	Indo-European: Language change across the millennia Peter Schrijver
Mental Spaces and Blending in Grammar Barbara Dancygier	To a Degree Ora Matushansky	Phonological factors in the L2 Acquisition of Morphosyntax in Germanic Languages Martha Young-Scholten

LOT Winter School 2008 Tilburg University

Week 1 (7-11 January)		
Introduction Psycholinguistics Niels Schiller	Phonetics/Speech Technology Louis ten Bosch	Semantics Maria Aloni
Language Variation Inken Keim	Phonology Yiya Chen	First Language Acquisition of Aspect Angeliek van Hout
The Relationship between Second Language Phonological Acquisition and Sociolinguistics Bertus van Rooy	Typology and Language Description Marian Klamer	Categories and Concepts Diane Pecher

Week 2 (14-18 January)		
Language Documentation Peter Austin	Syntax Richard Larson	L2 Acquisition Kees de Bot
Discourse and Cognition Ted Sanders	Generation of Referring Expressions Kees van Deemter	Specific Language Impairment: New empirical data and their implications for the theories on the nature and cause of the impairment Theodoros Marinis
Sign Language Asli Özyürek	Polarity Phenomena and the Grammatical Theory of Scalar Implicatures Gennaro Chierchia	Morphosyntactic Change: Causes and mechanisms Olga Fischer

LOT Summer School 2007 KU Leuven

Week 1 (11-15 June)		
Predication, Equation, Specification: Copular constructions and the meaning of focus Caroline Heycock	Syntactic Development Holger Diessel	Morphological Change Historical Linguistics Brian Joseph Pierre Swiggers
Discourse Representation Alice ter Meulen	Phonetics and Phonology of Tone and Intonation in West-Germanic Languages Jörg Peters	Impossible Languages: Issues in neurolinguistics Andrea Moro
Machine Learning for Modeling in Psycholinguistics Walter Daelemans	Ergative Patterning in a Typological Perspective William McGregor	Researching language in Use John Taylor
Binding Guido Vandenwijngaerd	Pronunciation and Automatic Speech Recognition: Annotation, variation, assessment and training Catia Cucchiaroni	Grammaticalization and the History of English Hubert Cuyckens

Week 2 (18-22 June)		
Issues in Morphosyntax Edwin Williams	Sound Perception and Word Recognition in L1, L2, L3 and Simultaneous Bilingual Acquisition Paola Escudero	Modeling the Origins and Evolution of Language Luc Steels
Modality: Language and Cognition Jan Nuyts	Visual Word Recognition: Recent developments Mrc Brysbaert	Language Typology: Aims, methods and results Leon Stassen
Variation in Ellipsis Jeroen van Craenenbroeck	Tense and Aspect in English Renaat Declerck	Quantitative Corpus Linguistics at the Syntax-Lexis Interface Anatol Stefanowitsch
Learning and Parsing in the Acquisition of Syntax and Semantics Jeff Lidz	History and Historiography of Linguistics: Concepts and processes Pierre Swiggers	Perspectives on Language Contact: The lexical/functional distinction Pieter Muysken

LOT Winter School 2007 Radboud University

Week 1 (8-12 January)		
Compositionality and the Theory of Argument Structure James Pustejovsky	Statistics/Methodology Toni Rietveld	Historical Linguistics Roeland van Hout
Child Second Language Acquisition Sharon Unsworth	A Conceptual Introduction to Bayesian Statistics and Machine Learning Bert Kappen	Speech Processing: Ears and brains Esther Janse
(Sign) Language Acquisition by Deaf and Hearing Children Beppie van den Bogaerde	Historical Linguistics Kees Versteegh	A Practical Introduction to Quantitative Methods in Linguistic Prehistory Micheal Dunn

Week 2 (15-19 January)		
Acquiring Meaning in Discourse Irene Krämer	Derivations and Evaluations: Object shift in the Germanic languages Hans Broekhuis	Phonology in Everyday Speech Mirjam Ernestus
Neurolinguistic Aspects of Aphasia Roel Jonkers	Syntax-Semantics-Discourse Interface Jennifer Spender	Media Sociolinguistics Helen Kelly-Holmes
Big Words and Little Rules: Exploring grammar in the mind Ewa Dabrowska	Variation Matters! The study of dialect syntax and its perspectives for linguistic theory, language typology and the study of language change Bernd Kortmann	Case and Agreement Ellen Woolford

LOT Summer School 2006 University of Amsterdam

Week 1 (12-16 June)		
The Syntax of Agreement and Concord Mark Baker	Task Complexity and L2 Proficiency Folkert Kuiken	Bidirectional Phonology and Phonetics Paul Boersma
Issues in the Biology and Evolution of Language Massimo Piatelli-Palmarini	Quantative Linguistics: Some statistics John Nerbonne	Language Modeling for Information Access Maarten de Rijke
Topics in Morphology Jan Don	Aspects of Grammaticalization Christian Lehmann	Semantics and Philosophy: Some challenges Martin Stokhof

Week 2 (19-23 June)		
Quantifier Meaning Rik Nouwen	Relating Contemporary UG-Based and Non-UG-Based Theories Bill Philip	Foot Related Processes in Germanic and het (Grand)daughters Ben Hermans
Curent Issues in Sign Language Linguistics Josep Quer	Functions of Audiovisual Prosody Marc Swerts & Emiel Krahmer	Variation and Change of r in Dutch, Frisian and the Dialect of Leeuwarden Renée van Bezooijen
Creole Languages Norval Smith	Sentence Comprehension: Electrophysiological estimates and optimal interpretation Monique Lamers	Semantic Intefaces Marcus Egg

LOT Winter School 2006 Free University Amsterdam

Week 1 (9-13 January)		
The Nature of Generalization in Language Adele Goldberg	Fieldwork Methods in Descriptive Linguistics Laurens de Vries	Evidence and Theory in Generative Research into Second Language Acquisition Roger Hawkins
P (Preposition, Postposition, Particle): Anatomy of a Category Peter Svenonius	Language Attrition Monika Schmid	Metaphor in Discourse Gerard Steen
Cross-Linguistic Semantics Henriëtte de Swart	Head-Driven Phrase Structure Grammar and Natural Language Processing Frank van Eynde	Conversation Analysis: The theory and method of studying talk-in-interaction Charles Antaki

Week 2 (16-20 January)		
How to Reconstruct the Sounds and Meanings of Proto-Indo-European Michiel de Vaan	Information in Spoken Language Rob van Son	Language Development Elena Lieven
 Kemenade	Speech Production in Aphasia and Apraxia of Speech: A neurophonetic perspective Wolfram Ziegler	The Rise and Structure of Functional Categories: A Typology Bernd Heine
Creole Studies: The development of function words Adrienne Bruyn	Phonotactic Acquisition in Optimality Theory René Kager	Sound Change in Progress William Labov

LOT Summer School 2005 Leiden University

Week 1 (13-17 June)		
The Syntax and Semantics of Nominal Modification Rajesh Bhatt	Faithfulness in Phonological Theory Marc van Oostendorp	Practicum Statistiek Carel van Wijk
Semantics of Temporal Connectives Cleo Condoravdi	The Mental Lexicon Niels Schiller	Language Variation Meets the Corpus. A gentle introduction into corpus linguistics Ton van der Wouden
Possession in Second Language Acquisition Ineke van Craats	Language History and Language Change Kees Versteegh	Merge: Symmetry and assymety Jan Wouter Zwart

Week 2 (20-24 June)		
Linguistic Aspects of Multilingualism Ad Backus	Linguistic Typology Kees Hengeveld	Acoustic Analysis of Prosodic Contrasts using PRAAT Bert Remijsen
The Semantics of Questions Veneeta Dayal	Morphology-Phonology Interfaces in Bantu Larry Hyman	Fixed Expressions; Theory, usage and process Joost Schilperoord
Fieldwork/Methodological Approaches to the Study of Prosody Jerold Edmondson	Who shall be Called Language Impaired? Differences versus disorder in African American English - Lessons from the study of dialect Janice Jackson	The Acquisition of Topic and Focus Kriszta Szendroi

LOT Winter School 2005 Groningen University

Week 1 (10-14 Januray)		
Neurolinguistics Liina Pyllkänen	Formal Approaches to the Interface of Syntax and Information Structure Detmar Meurers	CANCELLED Janice Jackson
Cortical Plasticity in the Representation of Language Miranda van Turenhout	Introduction to Frysian Syntax Jarich Hoekstra	Where do Phonological Grammars Stop? John Harris
Transition to Speech Tania Zamuner	Diachronic Syntax: Changes in grammar and changes in usage patterns Jack Hoeksema	Extraction: Syntactic and extrasyntactic restrictions and the unity of connectivity Rober Levine

Week 2 (17-21 Januray)		
Toward a Mechanistic Psychology of Dialogue Simon Garrod	Syntactic Theory and Language Variation David Adger	Dyslexie: Development of percetion and language Pieter Been & Charlotte Koster
Discourse Anaphora: Theories, data and applications Bonnie Webber	Clause Structure and Word Order in Kwa Enoch Aboh	Possession in Second Language Acquisition Ineke van de Craats
Order/Scope Correspondences Øystein Nilsen	A Practical Introduction to Acoustic Phonetics Wouter Jansen	Into, Around, In, and Out of Morphology: On (de)morphologicalization and (de) lexicalization Richard Janda

LOT Summer School 2004 Utrecht University

Week 1 (14-18 June)		
Typological Explanations Zygmunt Frajzyngier	West Germanic Sound Structure: A contrastive approach Janet Grijzenhout	Ultimate Attainment in Adult L2 Acquisition Antonella Sorace
The Evolution of Language Andrew Carstairs-McCarthy	Language Disorders and Language Control Herman Kolk	The Learnability of Typological Differences Jacqueline van Kampen
Aspectual and Temporal Relations in Language Olga Borik	Application of Informational Theory to Language Processing Aleksandar Kostic	Corpus-based Sociolectometry Dirk Geeraerts

Week 2 (21-25 June)		
Finite and Nonfinite Clauses in Hungarian István Kenesei	Language in Time: ERP/EEG investigations of linguistic phenomena Douglas Saddy	Multi-Word Expression in Natural Language Processing Systems Jan Odijk
Event Structure/Situation Aspect and Information Structure Katalin Kiss	Theories on Agrammatism Esther Ruigendijk	Human and Automatic Speech Recognition Lou Boves
Choice Functions in Natural Language Semantics Yoad Winter	Discourse Processing Leo Noordman	CANCELLED De Glopper

LOT Winter School 2004 University of Amsterdam

Week 1 (12-16 January)		
The Typology of Agreement Greville Corbett	Generative Approaches to Sign Language Structure Roland Pfau	Syntactic Variatin Leonie Cornips
Cognitive Aspects of Usage-based and Form-Focused Second Language Acquisition Nick Ellis	Phonetic Correlates of Word and Sentence Prosody Vincent van Heuven	Optimality Theory and Semantics Petra Hendriks & Joost Zwarts
Parallel Developents in the Acquisition of Language and of Literacy Catherine Snow	Voicing Jeroen van de Weijer	Probabilistic Models of Natural Language Processing Khalil Sima'an

Week 2 (19-23 January)		
Second Language Acquisition Theories Jan Hulstijn	Statistical Solutions for the Language-as-a-fixed-effect-fallacy Bert Meuffels & Huub van den Bergh	Operations of Semantic Composition William Ladusaw
Questioning the Concept of 'Creole': Do creoles form a linguistically definable class? Jacques Arends	Spoken Language Comprehension Anne Cutler	The Syntax of Adpositional Phrases Marcel den Dikken
Person Marking and Agreement in Functional Grammar Dik Bakker	Neurolinguistics Peter Indefrey	Topics in the Morpho-Syntax of Noun Phrases Artemis Alexiadou

LOT Summer School 2003 Tilburg University

Week 1 (16-20 June)		
Comparative Language Acquisition Sergio Baauw & Shalom Zuckerman	Typology: Interpreting world-wide patterns of variation Micheal Cysouw	Second Language Acquisition at the Syntax-Semantics Interface Roumyana Slabakova
Formal Pragmatics of Dialogue Harry Bunt	Language and/as Interaction: Method and theory Cecilia Ford	Parataxis and Three-Dimensional Syntax Mark de Vries
Word Order and Information Structure João Costa	Interaction in Multilingual Classrooms: Sociolinguistic and ethnographic approaches Marilyn Martin-Jones	

Week 2 (23-27 June)		
Evolution of Language Dereck Bickerton	Sign Language Structures Susan Fischer	Language and Persuasion Hans Hoeken
Memory Based Analogical Language Processing Antal van den Bosch	Neurolinguistics Marco Haverkort	Language Contact Sarah Thomason
Conrast in Phonology Elan Dresher	Language Variation and Formal Theory Frans Hinskens & Sjef Barbiers	Balkan Morphosyntax Olga Tomić

LOT Winter School 2003 Free University Amsterdam

Week 1 (13-17 January)		
Morphology Geert Booij	Formulaic Performance Koenraad Kuiper	Optimality Theory and th Typology of Segmental Processes Joe Pater
Cognitive Semantics Seana Coulson	Functional Discourse Grammar Lachlan Mackenzie	Speech Rythm Hugo Quené
Language Acquisition and Multilingualism Peter Jordans & Petra Bos	Computational Contributions to Linguistics John Nerbonne	Antisymmetry and Questions of DP-Structure Richard Kayne

Week 2 (20-24 January)		
Interfaces in Word Formation Peter Ackema	Logic for Linguistic Semantics Theo Janssen	Grammars and Grammarians Ingrid Tieken-Boon van Ostade
Specific Language Impairment - an introduction to the field Jan de Jong	Biolinguistics Lyle Jenkins	Flexible Syntax Fred Weerman
Linguistic Areas: Description and analysis Nick Enfield	Research Designing Hubert Korzilius	Typology Phonology/Morphology Willem Adelaar & Leo Wetzels

LOT Summer School 2002 Radboud University

Week 1 (10-14 June)		
<p style="text-align: center;">Language Variation and Change: Theory, method & Analysis</p> <p style="text-align: center;">Sali Tagliamonte</p>	<p style="text-align: center;">Issues in Age-Dependent Effects in L2 Morphosyntax</p> <p style="text-align: center;">Bonnie D. LOT Summer School 2001 Utrecht University

Week 1 (9-13 June)		
Development of Syntax-Discourse Interface Sergey Avrutin	Setting Syntactic Parameters Janet Fodor	Typology and Diachrony Frans Plank
Reflexives Peter Cole	Contemporary Approaches to Phonology Francis Katamba	The Savant Syndrome Neil Smith
Prospects for Derivational Syntactic Explanation Samuel Epstein	Local Causes for Language Change David Lightfoot	Morphosyntax Andrew Spencer

Week 2 (16-20 June)			
Morphology in the Mental Lexicon Harald Baayen	Comparative Issues and Methods in First and Second Language Acquisition Nigel Duffield & Ayumi Matsuo	Explorations in Post-Lexicalist Morphology: Recovering Loyalty Alec Marantz	Speaking Styles in Speech Synthesis Jacques Terken
Machine Translation Paul Bennet	Polarity Phenomena and Temporal/Aspectual Structure Anastasia Giannakidou	Cognitive Neuroscience of Language David Poeppel	
Non-Truth Conditional Meaning Diane Blakemore	Aspects of Multilingualism Charlotte Hoffmann	Binding: The interaction of syntax, lexicon and interpretive processes Eric Reuland	

LOT Winter School 2001 University of Amsterdam

Week 1 (15-19 January)		
Syntactic Microvariation Hans Bennis	Cotext Effects on Speech Perception John Kingston	Discourse Coherence, a Cognitive Approach Ted Sanders & Wilbert Spooren
Optimal Syntax and Typology Joan Bresnan	Document Design and Tekst Evaluation Leo Lentz & Menno de Jong	Syntactic Development Mike Tomasello
Metrical Phonolog: Stress and OT Haike Jacobs	On the Syntax-Discourse Interface Ellen Prince	Introduction to the Speech Sciences Rob van Son

Week 2 (22-26 January)		
Battle of the Parsers Crit Cremers and others	Topics in the Minimalist Program Hisao Kitahara	Key Issues and Themes in the History of Modern Linguistics Reinier Salverda
Questions: Semantics and Pragmatics Jeroen Groenendijk	Multiculturalism: Bilingualism, interaction and education Jacomine Nortier & Jeanine Deen	Statistical Analyses in Applied Linguistics Rob Schoonen
Issues in the Acquisition of Semantics Bart Hollebrandse	Typology of External Possession and the Domain of Voice Doric Payne	Phonological Development Marilyn Vihman

LOT Summer School 2000 Tilburg University

Week 1 (19-23 June)		
The Syntax of Noun Phrases: a comparative perspective Lisa Cheng		Dialect Topography Jack Chambers
Bare Hands at the LF-Interface Denis Delfitto	Introduction to Laboratory Phonology Mary Beckman	The Acquisition of wh-Questions Gabriella Hermon
The Semantics of Indefinites and Bare Plurals Veerle van Geenhoven	Issues in Salish Syntax and Semantics Henry Davis & Hamida Demirdache	Language Acquisition / Neurolinguistics Marco Haverkort

Week 2 (26-30 June)		
Argument Structure in Categorical Grammar David Dowty	Bilingualism and Bilingual Acquisition Margaret Deuchar	Spoken Dialogs with Computers Renato De Mori
Time Reference Across Languages Jürgen Bohnemeyer	Phonology and Second Language Acquisition Ellen Broselow	Sentence and Discourse Processing Frank Vonk
Formal and Functional Explanation in Linguistics Frederick J. Newmeyer	Modeling and Experimentation in Bilingual Word Recognition Ton Dijkstra	Finite-state Language Processing Gert-Jan van Noord

LOT Winter School 2000 Leiden University

Week 1 (10-14 January)		
<p>(Inter)subjectivity in Grammar</p> <p style="text-align: center;">Arie Verhagen</p>	<p style="text-align: center;">Phonetics for Non-Phoneticians</p> <p style="text-align: center;">Guus de Krom</p>	<p style="text-align: center;">Language Comprehension and Production: Perspectives from Brain Research</p> <p style="text-align: center;">Colin Brown & Jos van Berkum</p>

LOT Summer School 1999 University of Potsdam

Week 1 (19-23 July)

Multimodal Speech Perception: A paradigm for speech perception D. Massaro	Cognitive Neurolinguistics R. de Bleser & R. Bastiaanse	Comparative Syntax and Language Acquisition L. Rizzi	The Analysis of Frequency Data R. van Hout
Phonetics: Acoustic Consequences of Articulatory Movements B. Pompino-Marschall	Syntactic Processing L. Frazier	Semantics and Syntax of Perfect and Future Constructions A. von Stechow	Syntactic Variation and Change in the Early West-Germanic Languages A. van Kemenade
Merger and Acquisition S. Powers	Psycholinguistics: Utterance Production R. Dietrich	Integrating Formal and Lexical Semantics B. Partee & V. Borschev	Theories of Language Change K. Donhauser
Specific Language Impairment, Language Acquisition and Linguistic Theory K. Wexler	Electrophysiological Investigations of Language A. Friederici & D. Saddy	Optimality Theoretic Syntax G. Müller	Analysis of Variance for the Study of Language and Language Behaviour T. Rietveld

Week 2 (26-31 July)

The Syntax of Coordination Ch. Wilder	Spoken Discourse E. Couper-Kuhlen	Syntax and the Parser G. Fanselow	The Functions of Linguistic Typology L. Stassen
Mildly Context-Sensitive Grammars Staudacher	Discourse and Consciousness W. Chafe	The Foundations of Phonology T. Purnell	Patterns of Cross-linguistic Variation in Selected Domains E. König
Lexical Information Required for a Syntax-Driven Interpretation of Discourse H. Kamp & M. Bierwisch	Codeswitching: Implications for Linguistic Theory A. Backus	Phonology of Liquids Hall	The Syntactic Typology of South Asian Languages K.V. Subbarao
Reference-set Economy and its Processing Cost T. Reinhart	Defining Input in Language Acquisition Theories S. Carroll	Topics in the Phonology of Romance Languages L. Wetzels	Topics in Morphology J. Bobaljik

LOT Winter School 1999 University of Amsterdam

Week 1 (11-15 January)		
Topics in Romance Syntax Aafke Hulk & Johan Rooryck	Accessibility Theory: and Overview Mira Ariel	Phonological Acquisition: From practice to theory Claartje Levelt
Grammatical Typology of Tsez (Daghestan) Bernard Comrie	Functional Semantics Peter Harder	Universal Grammar and Second Language Acquisition Roger Hawkins
Topics in Psycholinguistics Sergey Avrutin	Allomorphy and the Architecture of the Grammar Geert Booij	

Week 2 (18-22 January)		
Codeswitching and Related Language Contact Phenomena Myers-Scotton	Theory and Typology of Information Structure Maria Polinsky	Functional Phonology Paul Boersma
On the Syntactic Side of Semantic Interpretation Sjef Barbiers	European Regional or Minority Languages and Language Policy Durk Gorter	Clinical Linguistics and Phonetics Grzegorz Dogil
Practikum Statistiek Carel van Wijk	The Semantics of Adjectival Modification Richard Larson	

LOT Summer School 1998 Utrecht University

Week 1 (15-19 June)		
Topics in Akan Syntax Kofi Saah	Prosodic Phonology in Optimality Theory Junko Itô & Armin Mester	Theory of Language Change Rudy Keller
Tense and Aspect in Sentence and Discourse Henriëtte de Swart	Topics on Phrase Sctructure and Linearization Norbert Corver	An Introduction to Contact Linguistics Don Winford
Features in Syntactic Theory Paola Monachesi	Metrical Structure: Poetry and Phonology Jan Kooij & Karijn Helsloot	Studying the Bilingual Person: Issues and Findings François Grosjean

Week 2 (22-26 June)		
Economy Conditions in Syntax Chris Collins	Topics in the Phonetics-Phonology Interface Pat Keating	Lessons from Atypical Language Acquisition Susan Curtiss
Aspects of Assimilation Hugo Quené	Conversation Analysis Data Session Gail Jefferson	Pragmatic Contributions to Lexical and Grammatical Development Catherine Snow
Topics in the Theory of LF Eddy Ruys	Anthropological and Linguistic Fieldwork in Non-Western Contexts Laurens de Vries	

LOT Winter School 1998 Leiden University

Week 1 (12-16 January)		
The Theoretical Significance of Romance (Subject and Object) Clitics Rita Manzini	Lexeme-Morpheme Base Morphology: is Syntax Necessary? Robert Beard	First and Second Language Acquisition, Similarities and Differences Jürgen Meisel
Sociolinguistic Issues in Bilingualism Lesley Milroy	Minimalism and Optimality Theory: Derivation and Evaluations Hans Broekhuis	Linguistic Structures of Native America Willem Adelaar
Statistics, Tailor-Made Huub van den Bergh	Issues in Afrikaans Syntax Hans den Besten	Prosodic Morphology, with Special Emphasis on Metathesis Norval Smith

Week 2 (19-23 January)		
Semantics of Constructions Eve Sweetser	Experimental Approaches to Intonational Phonology Carlos Gussenhoven	Lexical Access in Language Production Ardi Roelofs
Checking Theory Ian Roberts & Anna Roussou	Schwa in Phonological Theory Marc van Oostendorp	Topics in Sentence Processing Frank Wijnen & Edith Kaan
Bare Grammar, a Study in Structural Invariants of Language Ed Keenan	Experimental Dialectology Renee van Bezooijen	

LOT Summer School 1997 University of Amsterdam

Week 1 (16-20 June)		
The Lexicon in Second Language Acquisition R. Appel and others	Laboratory Phonology, with Emphasis on Stress and Accent V. van Heuven	Language Acquisition: Development and Structure of Early Syntactic and Lexical Knowledge J. Weissenborn
Government Phonology J. Lowenstamm	Predicates and their Movements M. den Dikken	The State of the Art in Creole Languages S. Kouwenberg
Clausal Architecture and Functional Categories T. Stowell	Sign Language Structure: Functional and Formal R. Wilbur	

Week 2 (23-27 June)		
Gender and Discourse S. Ehrlich	Sound Continuity and Speech Perception: Between Auditory Decay and Prosodic Function S. Nootboom	Meaning and Grammar A. ter Meulen
Intercultural Communication M. Gerritsen	Methods and Techniques of Empirical Research B. Meuffels	Language Typology K. Hengeveld
Analysis of Argumentation F.H. van Eemeren	The Structure of Tongan J. Broschart	

LOT Winter School 1997 Tilburg University

Week 1 (13-17 January)		
Phonetics in Forensic Research Broeders	Dynamic Antisymmetry: a Theory of Movement and Phrase Structure Moro	Topics in Feature Theory Padgett
Formal Semantics and Lexical Semantics Partee & Borschev	Historical Syntax: Grammar and Diachrony Kroch	Prosodic Structure and Intonation Pierrehumbert
Topics in Icelandic (and Germanic) Syntax Thráinsson	Phonetic Knowledge and Speech Technology Pols	

Week 2 (???)		
The Acquisition of Anaphora Coopmans	Models of Human Sentence Processing Kempen	Statistics and Language Corpora Baayen & Van Hout
Semantic Syntax Seuren	Lexical Representation and Lexical Access Marslen-Wilson	Language and Ethnicity Extra & Kroon
Language Shift Dimmendaal	Anthropological Linguistics and Cognitive Anthropology Danziger	Second Language Acquisition Klein
